Service Provider Participation Policy

Service Provider Companies are expected to abide by program rules and submit high-quality applications. To maintain a high level of customer satisfaction and facilitate the improvement of under-performing Service Providers, PSO has adopted an Accelerated Coaching (AC) and Disciplinary Action policy. This policy consists of three phases, as described below. The length of each phase is stated below, but may be amended on a case-by-case basis as needed. The program will determine what constitutes unsatisfactory performance or a violation.

1. Accelerated Coaching: Duration 45 days

- a. **Entering Accelerated Coaching status:** A Service Provider Company will be placed on Accelerated Coaching status if they fail to follow program rules. Examples include but not limited to:
 - i. Submitting incorrect or incomplete applications and failing to correct mistakes in a timely manner
 - ii. Poor pre and/or post inspection results
 - iii. Installation of ineligible equipment
 - iv. Substitution of Pre-approved Equipment without Prior Authorization
 - v. Submitting invoices with inaccurate equipment or quantity descriptions
- b. **During Accelerated Coaching Status:** The Service Provider Company is subject to additional quality control and technical review requirements:
 - i. All applications must receive pre-approval, regardless of project size. Any projects installed prior to the Pre-Approval Letter date will be ineligible for rebates.
 - ii. All projects are subject to pre- and post-installation inspections at the Program's discretion.
 - iii. Applications may be subject to increased scrutiny during technical review.
 - iv. Regular in-person coaching sessions will be required, to monitor improvement and resolve continuing issues.
- c. **Leaving Accelerated Coaching Status:** If the Service Provider Company improves satisfactorily during the Accelerated Coaching period, the Accelerated Coaching status will be lifted. If the Company's performance does not improve as required, the Company will be placed under Suspension.

2. Suspension: Duration 60 days

- a. **Entering Suspension:** If a Service Provider Company fails to improve satisfactorily according to the discretion of program staff during their Accelerated Coaching period, they will be placed under Suspension. Dishonest behavior may result in the Company being placed in suspension immediately without first undergoing an Accelerated Coaching period.
- b. **During Suspension:** The Service Provider Company may not submit any new applications. Any applications that have already been submitted will be processed to completion. In addition, the Company is removed from the PSO Service Provider Listing on the program website and is prohibited from using the PSO name or logo in any marketing activities.
- c. **Leaving Suspension:** If the Service Provider Company improves satisfactorily during the Suspension period, they will be moved to Accelerated Coaching status for the second time. If the Company's performance has not improved according to the discretion of program staff at the end of the second Accelerated Coaching period, the Company will be terminated from participation in the program.

3. Termination:

- a. **Entering Termination:** If a Service Provider Company is still under-performing, after being suspended and then undergoing a second Accelerated Coaching period, the Company will be banned from the Program. Dishonest behavior will result in a Company being immediately terminated without first undergoing an Accelerated Coaching or suspension period.
- b. **During Termination:** The Service Provider Company may not submit any new applications. Any applications that have already been submitted will be processed to completion. In addition, the Company is removed from the PSO Service Provider Listing on the Program website and may not use the PSO name or logo in any marketing activities.
- c. **Leaving Termination:** A terminated Service Provider Company is banned from program participation for the duration of the program cycle, which is 3 years. Upon the start of a new Program cycle, program staff will review the Company's qualifications but are not guaranteed permission to participate. If allowed to participate, the Company will be placed on immediate Accelerated Coaching status for quality control.
